

**Environmentally  
Responsible**

- Meets strict environmental, health and safety criteria
- Concentrated formula is non-toxic to humans
- Contains no phosphates. Use dilution does not contribute to eutrophication
- Biodegradable
- Contains no petroleum distillates
- Contains no carcinogens, reproductive toxins, neurotoxins, or endocrine modifiers
- Undiluted product complies with California Air Resource Board requirements
- Undiluted product is nonflammable and noncombustable
- Use solutions are non-toxic to aquatic life
- Use solutions do not contribute to smog formation or poor indoor air quality
- Product containers are recyclable

*Oxy is an environmentally responsible all-purpose cleaner that quickly removes common soils and stains without harming the environment – or your wallet.*

*By combining the versatile power of hydrogen peroxide with the pure cleaning ability of d'limonene, Oxy provides a safe and effective all-purpose cleaning solution for all your day-to-day cleaning needs.*

**COST EFFECTIVE**

All-purpose means all-purpose. With effective stain fighting, odor-neutralizing, and cleaning capabilities, **Oxy** helps eliminate large inventories of specialized cleaning products which only target specific soils, stains, and odors. The broad usage also helps reduce employee training and minimize accidental product mix-ups by handling all of your day-to-day cleaning needs.

**VERSATILE**

**Oxy's** special blend of cleaning agents delivers unrivaled cleansing power without relying on harsh chemicals.

**Oxy** effectively removes a wide variety of common soils and stains, including coffee, tea, juice, grease, ink, red wine, mold, mildew and is great for cleaning and renovating grout. The effervescent action of hydrogen peroxide actually lifts soils away while reacting with many sulfur- and ammonia-based compounds to counteract odors, leaving a pure clean without scrubbing.

The gentle formula can be used on any surface not harmed by water, including: fabrics, glass, plastics, metals, grout, tile, and ceramics.

Dilution . . . . . Ready To Use  
DOT . . . . . Not Regulated  
Odor . . . . . Orange

pH Concentrate . . . 5.5 – 6.5  
Appearance . Colorless Liquid

**DIRECTIONS:**

Just spray on and wipe off. No rinse no residue: removes grease, ink, crayon, lipstick, black heel marks, greasy food soils, and other tough stains.

**CAUTION: Harmful if swallowed.** Causes eye damage and skin irritation. Do not get in eyes, on skin, or on clothing. Protect eyes when handling. Wear goggles or face shield and rubber gloves.

**STATEMENT OF PRACTICAL TREATMENT**

**FIRST AID:** Avoid alcohol. **If swallowed:** do not induce vomiting. Call physician immediately. Drink large quantities of water. Never give anything by mouth to an unconscious person. **If in eyes:** flush with large amounts of water for at least 15 minutes and get prompt medical attention. **If on skin:** wash thoroughly with soap and large quantities of water, then cover with moist magnesia or baking soda. Get medical attention if irritation persists.
