

Steam Cleaner Liquid

This blue liquid concentrate is a product specifically formulated and manufactured to cope with problems encountered in various steam cleaning operations. It is not just another multi-purpose cleaner sold with the hope it can handle the job at hand. As little as four ounces concentrate per gallon of water makes a cleaning solution that will penetrate and remove all types of grease and grime normally encountered in steam cleaning applications. Low foaming penetrants and boosters quickly cut dirt and emulsifiers retain and float away residue. Unlike hard to dissolve powdered cleaners that must be pre-mixed, this product will not clog jets or lines, causing expensive and time consuming

FEATURES

- *Concentrated liquid
- *Fast acting
- *Acid-Free
- *Biodegradeable
- *Non-Caustic
- *Non-Butyl

APPLICATIONS

- *Degrease vehicles
- *Clean houses
- *Clean brick
- *Clean engines

TECHNICAL DATA

Dilution	3 oz. per gallon
